CAR CONDUCTOR IS ROBBED

Two Negroes Attack Operator Late Thursday Night

\$40 IN LOOT OBTAINED

Street Railway Co. Act to Halt Series of Holdups

Two burly negroes boarded a Lima City Street Railway car late Thursday night in a deserted quarter of the city, beat the motorman into insensibility with a blackjack and robbed him of \$45 in cash and tickets.

The men got on the car at Fourth-st and St. Johns-av. and under a pretense of attempting to make up between them the correct change with which to pay their fare, caught Jess Cogswell, of 215 E. Ewing-av., off his guard and attacked him while the car was moving.

Cogswell fell to the floor of the car unconscious, and the thugs made a rapid search of his pockets, obtaining \$25 of the company's money, \$15 that belonged to Cogswell and \$5 in tickets.

When the motorman fell, taking his hand off the control, the brakes were applied, the car stopped automatically, the door was thrown open and the negroes fled.

"I'd like to catch that 'friend,'" the doctor said Friday. "This may be comedy for him, but it's tragedy for me."

MISS MONEY

In their haste they missed the day's fare receipts in the cash box, which amounted to about \$100, as well as \$5 in change which Cogswell carried in his jacket pocket.

The attack occurred at the intersection of Catapa and St. Johns-ave, one block from where the negroes boarded the car. A small boy who happened to be passing witnessed the whole affair and ran to his home and told his mother, who called police.

When Officer Mills arrived on the scene at 10:15, a quarter of an hour after the robbery, the men had disappeared, and a search of the vicinity failed to reveal any trace of them whatever.

Theft insurance which is carried by the company will cover the loss of the cash, but \$15 of the loot which belonged to the motorman, cannot be recovered.

SUSPECT SEEN

Lima police scoured the city Friday for the men, one of whom is described as being tall and thin, wearing a moustache and a derby hat, and the other who is said to be short and powerfully built.

At 10 a. m. Friday, Superintendent F. A. Bundy of the railway company encountered a negro who, he claims answered to the description of the tall man who figured in the robbery. The fellow was standing in front of the City Bank.

Bundy noticed that he wore a derby hat and approached the negro and scrutinized him closely. Becoming alarmed the fellow fled up the stairway leading to the office of the Yellow Cab Co. down the hall and into the alley by means of the rear stairway.

The railway superintendent pursued him as far as the court house, watched him disappear into the comfort station there, and put in a call at police headquarters.

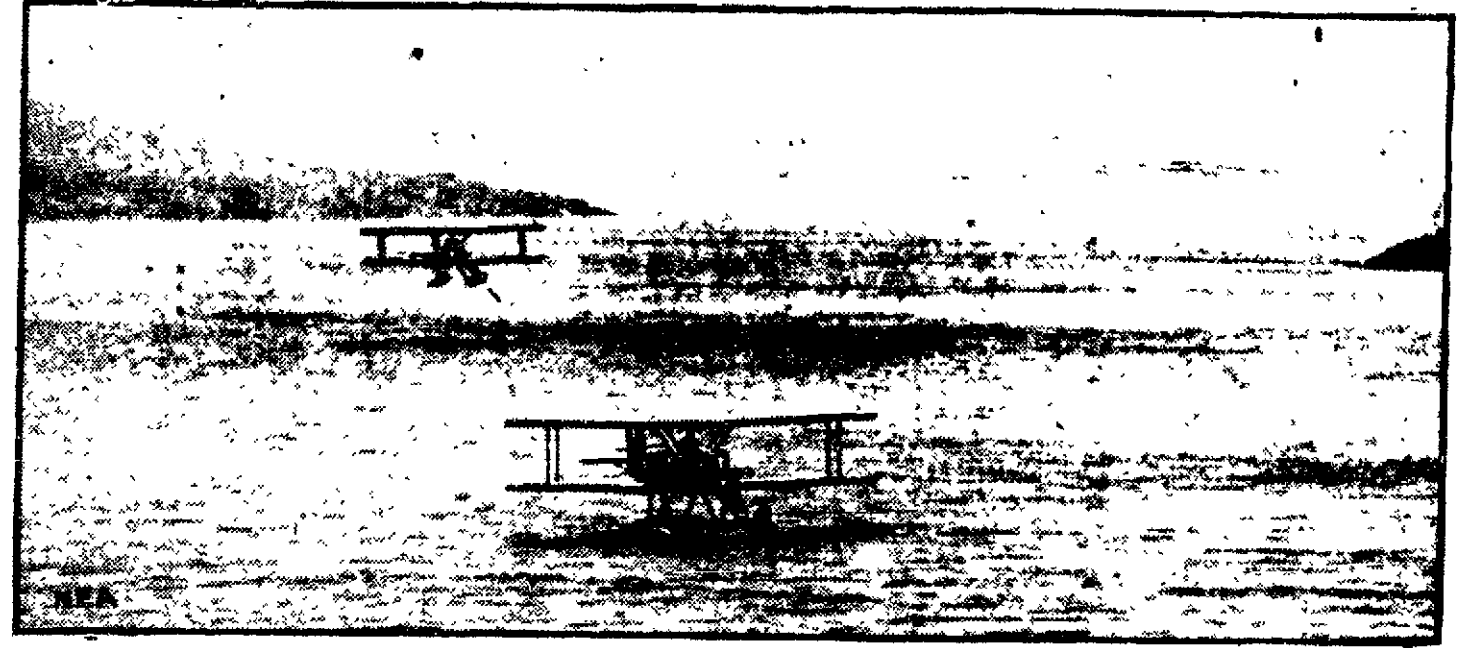

Inspector George Strick answered the call in the riot car, and scoured the business section of the city but no trace of the man was found.

Lima Doctor's Automobile Is Used As Taxi

Dr. H. C. Bennett, 311 S. Cole-st., is looking for the "friend" who "appropriated" his automobile Thursday afternoon, drove it five blocks and left it standing, with an envelope containing "taxi fare" pinned to the steering wheel, and a note of apology written on the back.

The note read:

"Sorry to delay your mail, but just had to make my train. No harm is done to the car I trust, and enclosed you will find taxi fare. Take my advice and lock the old bus up the next time you leave it."

Your Friend."

The machine disappeared at 3:30 p. m. Thursday, and when it had not been located early Friday morning, Dr. Bennett visited 15 garages in a futile search for it. Finally he spied it at about 8:30 a. m. parked on S. Union-st, near the Interoceanic bridge.

A score of important letters which were in the front seat at the time the machine was taken were mailed by the doctor Friday morning.

"I'd like to catch that 'friend,'" the doctor said Friday. "This may be comedy for him, but it's tragedy for me."

ANNEXATION IS POSTPONED

Sanitary Engineer Out of Town; Action is Delayed

Hearing on the annexation of Fairfield-pl to the city of Lima was postponed by the county commissioners Friday, in order to allow Henry Meyers, county sanitary engineer to make a report.

Meyers is now laying out a sub-division in Lakeside.

Annexation of the plot has already been approved by the city, but the county is asked to release the lots involved from the west side sanitary sewer district created last spring.

Fairfield-pl is part of the old Baxter farm and is situated along Allentown-rd west of the city.

BROKEN BACK IS DEATH CAUSE

Frank J. Frey, 17, son of Mr. and Mrs. John Frey, of 715 N. Jefferson-st., died Friday at 9:15 a. m. at City hospital from injuries suffered Labor Day while swimming at McCullough's Lake.

Frey's back was broken when he dived off a trestle into a shallow portion of the lake, striking his head. An operation was performed Monday night and a piece of the spinal column removed in an effort to save his life.

The boy was born in Perryburg, and for several months had been employed at the Solar Refinery. In addition to the parents, he leaves one brother, Raymond, residing at home.

Funeral arrangements have not been completed.

Royal Gown For Beauty From Ohio

A few days ago we said there would be something that would interest girls in connection with the state-wide beauty contest. The Lima News is conducting in which a girl will be chosen to represent this state at the International Petroleum Institute at Tulsa, Okla., Oct. 27-28.

If every girl in this part of the country could see the specifications for the wonderful royal gown and train the Ohio Princess will wear on the Ohio float in the great pageant, there would be an unprecedented rush to get into the contest.

To start with the headpiece or coronet will be of jewels and plumes.

The train will be 15 feet long and four feet wide, made of velvet, silk or satin. It will be trimmed with lavender blue and lined with white satin. Ornaments will be of lavender or blue.

This gown will be arranged to fit in with the big Ohio float which has cost approximately \$1,000. The Ohio Princess will wear it in the present where she will compete with other princesses for the honor of being Queen Petrolia, who will reign over the exposition.

But the royal gown is not all there are others, and the array is great enough to interest any woman.

The contest will close on Sept. 12. Any girl is eligible if she is between 16 and 28. All that is necessary to enter is to submit a photograph to the Contest Editor. Any girl who does not have a suitable picture may have one taken free of charge by the staff photographer of The Lima News if she will notify the Contest Editor.

AUTO HITS BOYS ON BICYCLES

Youths Are in Serious Condition Following Accident

Two boys are in the City hospital suffering from injuries sustained Thursday night when they were struck by an automobile driven by W. C. Bradley, Shawnee, while riding bicycles on the Spencerville-rd.

The injured are: Robert Daugherty, 15, son of Mr. and Mrs. C. W. Sullivan, R. D. 6, broken leg and probable internal injuries. Frederick Stoup, 15, son of Mr. and Mrs. H. E. Stoup, R. D. 4, injured hip and cut about the head.

According to information, the boys were riding east on the Spencerville-rd near Woodman cemetery about 7 p. m. Bradley also was driving east and failed to see the boys until he was almost upon them. He applied the brakes but was unable to avoid striking them. A drizzling rain and failure of the youths to have lights on the wheels were given as the causes for the accident.

Williams & Davis ambulance removed the Daugherty boy to the City hospital where his condition was reported serious Friday. The Stoup lad was taken to his home and later to the hospital. His condition is not considered grave.

COMMITTEE IS APPOINTED

Defense Day Observance is Planned in Lima

Members of the committee to arrange for the observance of Defense day, Sept. 12, in Lima, were announced Friday by John A. Harley, chairman.

Personnel of the committee are: Lt. Col. Frank H. Hume, Harold Cunningham, Eugene T. Lippincott, Geo. W. Eckert, Major John H. Blattenberg, Major Carl D. Criss, Major Charles D. Gamble, Dr. E. P. Sinks, Gibson P. Dilline and W. B. Wilcox.

Plans for a huge parade of patriotic character and a public gathering to explain the true object of the defensive test before the people are being arranged to combat insidious propaganda that has been launched against the movement.

Observance of the day by the citizen population is voluntary. Military organizations in the city, including Co. G, 14th Infantry, Battery D, 13th F. A. and Headquarters Co., 148th Infantry, Ohio National guard will mobilize in their armories.

Commanders are seeking one day recruits to fill the ranks to maximum strength.

UNIFORM REGULATIONS OUTLINED AT MEETING

Bingham and Lanker Rule Against Left Turns at Main and High-sts and High and Elizabeth-sts In Speeding Movement

Market and Elizabeth-sts Intersection Is Not Included In Ban—System of Lights to be Made Uniform, Officials Agree

Semblance of systematized traffic movement in Lima's business section assumed shape Friday from the confusion at light signal regulated intersections. City Manager C. A. Bingham and Police Chief T. A. Lanker were in accord after one week of chaos in which the public and police officers on duty were ignorant of traffic rules at Main-st and High-st, High-st and Elizabeth-st, and at Market-st and Elizabeth-st.

Elimination of the left turn to speed up traffic movement and possible change of traffic lights at Main and High-sts, and Market-st and Elizabeth-st to conform with the suspended light at High and Elizabeth-sts are suggested as probable relief measures which are included in the following regulations:

No left turns at Main and High-sts intersection.

Left turn prohibited at High and Elizabeth-st intersection.

Left turn allowed at Elizabeth and Market-st intersection.

Traffic regulation at Main and High-sts during the past week brought a storm of protest from motorists and pedestrians who deplored the lack of system.

NO SYSTEM

Left turns were allowed with no definite system followed by police officers in duty. At times two traffic officers worked at the light signal. One patrolman would order a left turn executed close to the traffic light, while another officer would compel the motorist to drive into the safety path of pedestrians who watched the light and were endangered by such police orders.

Police officers admitted they were ignorant of what orders their superior wished carried out. They used their own judgment, and many times in instructing motorists, who desired to make left turns, they tied up traffic while the traffic signal was changed several times.

Traffic at certain hours during the day, when this confusion reigned, was tied up for over a city block in each direction, while the continual noise of automobile horns demonstrated the disapproval of motorists on the lack of efficient traffic regulation.

City Manager C. A. Bingham and Police Chief T. A. Lanker admitted Thursday afternoon "that they didn't know what to do" when asked concerning right and left turns.

Police officers claimed they had never been instructed by Chief Lanker. Motorists censured city officials for such conditions and took their spite out on traffic officers who attempted to do what their superiors failed to complete.

CONFERENCE HELD

Manager Bingham and Chief Lanker conferred Thursday and agreed on the no left turn regulations for Main and Elizabeth-st intersection of High-st, enforcement of which, Bingham claims, will speed up traffic movement by prevention of traffic jams, and lowering of danger to pedestrians.

Sign warning against a left turn off of Main-st on to High-st or vice versa will be placed in position Friday by police, according to Bingham who issued such instructions Friday to Police Chief Lanker.

In allowing a left turn at Elizabeth and Market-sts, Manager Bingham believed that traffic there is not so heavy and that the width of the intersection will permit such regulations without a jam as is experienced at the other two heavily traveled street intersections.

Too many streets with no left turns tend to hold up instead of speed up traffic, Manager Bingham said. "From experience in the past week it is seen that Main-st crossing needs a no left turn but at Elizabeth-st and Market-st this is not necessary."

In making a left turn at Market-st and Elizabeth-st, motorists are instructed by Manager Bingham to draw to the center of the street under the light, make a short turn with the hood of the automobile facing the direction of the intended turn had stop until the change of traffic.

This method, Bingham believes, will not interfere with pedestrians and from experiments in other cities it will not prevent the flow of traffic because an officer, if one is on duty, can direct the motorists making the turn without causing any delay.

INVADERS MOVE ON SHANGHAI

Army Defending the Chinese City is Falling Back

SHANGHAI — (By United Press)—General Chi Hsieh Yuan's forces, bent on storming Shanghai, drove forward late today in a new advance that brought them close to the Wan Sung forts, 10 miles from the city.

Heavy firing along the front where General Liu's defending troops were falling back, was heard here throughout the day.

The native city was panic-stricken by the advance of the enemy. Business was suspended and Chinese flocked to the foreign settlements, which were undisturbed save by the presence of the terrified refugees.

FIERCE FIGHTING

SHANGHAI — (By Associated Press)—Fierce fighting in three sections between the armies of rival Chinese military governor continued unabated today. Added fury was given to the battles by the movement of troops into the war zone and the reported concentration of Chinese battleships for action along the Yangtze river.

The major engagement appeared to center about 30 miles northwest of Shanghai. The outcome of this engagement was still doubtful, both sides employing artillery, according to the Lungwa military headquarters of the Chekiang military governor.

DEFENDERS REINFORCED

Troops were proceeding from the Lungwa headquarters of General Lu Yung Huang, Chekiang Tsinan to reinforce the governor's defending troops at Huangtu, 15 miles west of here, where fighting continues. There is considerable jockeying for position in this quarter, according to an observer who returned from Nansiang today. The Lungwa headquarters explained this with the announcement that the Chekiang troops were taking positions to check an unexpected enemy swing southeasterly.

Any movement towards the southeast would make the battle front extend into Chekiang province, the seat of Lu Yung-Huang's government.

Entrance of airplanes into the conflict was signaled today when three planes passed over the western Shanghai district this afternoon. Naval craft from Peking were reported moving down the Yangtze to aid the Fukien fleet, supporting the invading forces from the north.

The Chinese authorities here closed the Shanghai-Woosung line this afternoon as a precaution against possible land attacks on forts in event of the Kianguang army breaking thru at Liuhou, 15 miles northwest of Woosung.

BANK TO CLOSE OPTIONS

Old National Bank Moving Toward Home Site

Options held by the Old National Bank in its search for a suitable site for the new home will probably be closed within a short time, Frank Maire announced Friday.

A number of sites have been offered to the bank and while a decision has practically been made, no official announcement will be made until the deal has been fully completed, he intimated.

It is understood that representatives for the bank and the property owners are now searching the records at the court house in the clearing up of the title to the desired property.

The old Wigwam site, in W. High-st, has been practically decided upon, it has been learned unofficially, and a price of from \$75,000 to \$90,000 paid for it. This would set new high mark in downtown property, real estate men point out.

Final announcement regarding the outcome of negotiations will probably be made within a week or 10 days, Maire said.

\$11,396 EARNED BY OFFICE

County Recorder Reports Increase in 1924 Receipts

Earnings of the county recorder's office for the 12 months period ending Aug. 31, broke all records in the history of the office. Glen I. Wallace, recorder, announced Friday.

The office earned \$11,396.84 during the year, against \$10,176.02 the record attained during the year previous. The gain is \$1,220.82.

The office is practically self-sustaining, Wallace asserted. In each month during the year, the amount earned by the office has exceeded that expended in 1922-23.

As fees for recording range from 10 cents up to a half dollar with the average around 25 cents, it will be seen that the office handled thousands of instruments during the year.

Wallace predicted that the record set this year will be exceeded next year. Activity in real estate created the gain, he says.

MARINE RECRUITING TO START HERE NEXT WEEK

Sergeant Joseph Balla, U. S. Marine Corps, formerly stationed in Lima as recruiting officer, has been re-assigned to this station. Since leaving here last spring he has been in charge of the recruiting station at Youngstown. An office will be opened in Lima next week, Sergeant Balla announced.

A. O. Van Gunten, Brice-ay, left Thursday for Cleveland where he will spend two weeks.

ACCIDENT VICTIMS ARE ON ROAD TO FULL RECOVERY

Franklin Lease, nine year old son of Mr. and Mrs. John Lease, of 408 E. Second-st., who was injured Wednesday afternoon when he fell off a threatening machine near Eliza, was slightly improved Friday, according to reports from St. Rita's hospital. The boy suffered injuries to his head and foot.

Condition of Lloyd Stout, of 450 Hazel-ay, who fell down an elevator shaft at the Market house, Thursday morning, was also reported improved. He is confined at St. Rita's hospital with a broken wrist and sprained back.

LIQUOR DUMPED

Police Officials Destroy Five Bottles of Booze

Chief Lanker presided. Judge Poling was head mourner, and members of the police force sang the funeral dirge as five quart bottles of Canadian whisky Friday were poured into a barrel containing kerosene and were destroyed.

The ceremony was performed at police head quarters. Chief of Police Lanker was head pourer.

The liquor was found in the possession of two Municipal Public dealers, who were fined \$50 for having the stuff in their automobile.

SIX SPEECHES ON DAVIS' CARD

Program for Nominee's Western Trip Partly Arranged

EAVES CHICAGO TONIGHT

Will Make First Address at Omaha Tomorrow

CHICAGO, Sept. 4 (By Associated Press).—After a conference here with county chairmen and leaders of his party in Illinois, John W. Davis will set forth this evening to begin his first drive in the far west as the Democratic standard bearer.

Before returning here on September 18 for a stay of a single day, Davis plans to deliver six addresses and to make many rear platform talks.

His itinerary as now arranged calls for speeches as follows: Omaha, Neb., September 6; Denver, Colo., September 11; Cheyenne, Wyo., September 12; Topeka, Kansas, September 13; Hampton, Mo., September 15; and Des Moines, Iowa, September 17.

Upon his return eastward Davis probably will speak at Gary, South Bend and Fort Wayne, Ind. It is announced that after a campaign in the east, the nominee will make a second invasion of the west.

Information received at Davis' temporary headquarters here are that arrangements have been made for informal receptions for him at four towns where his train will stop this evening—Rockford, Freeport and Galena, Ill., and Dubuque, Iowa. The nominee expects to speak briefly in each place.

TWO BUILDINGS ARE DESTROYED BY FIRE

SAGINAW, Mich.—Fire that destroyed the two four-story buildings occupied by the Brusko Hardware Co. caused damage today estimated at \$200,000. The fire, starting in the basement of one of the buildings, reached the ware rooms of the Sherwin Williams Paint Company on the second, third and fourth floors despite efforts of firemen to check it, and the explosion of paint and oil cans added new fuel to the flames.

A brisk breeze from the west swept the fire away from the nine-story Schmelzer Furniture building adjoining.

CIVIL WAR VETS TO MEET

Regiments to Hold Annual Reunions in Lima

COLUMBUS GROVE, Ohio.—Arrangements have been made here that the Twenty-ninth regiment, O. V. I., has changed the meeting time and will not join with other regiments on Sept. 19 in the annual reunion at Memorial Hall, Lima.

Instead, the regiment has announced Sept. 19 as the date of the reunion.

The One Hundred and Fifty-first regiment, which had not fully decided upon a meeting time, has rescheduled Sept. 19.

Other regiments which will meet in annual reunion at Lima on Sept. 19 are the One Hundred and Eighty-fourth, Eighty-first and Fifty-fourth regiments.

Out of the four regiments attending, say not more than 100 men will answer roll call, so scattered have become the ranks of Civil War veterans.

2 WOMEN KILLED.
DAYTON, Ohio.—Two women died in a hospital last night from injuries received when struck by automobiles last night. They are Mrs. Jane Darby, 48, Danville, Ill., injured August 27, and Mrs. Magale Blessing, of Dayton, 78, run down July 15.

SERVICE GROUP PLANNED

Putnam-co Farm Bureau to Have Commercial Manager

AT HOME, DR. C. E. STAYLER, 512 STREINER BLOCK.

OTAWA.—Incorporation of a Putnam-co Service Co. with a paid-up capital of \$2,000 to \$3,000, for the purpose of establishing a County Service Manager plan is one of the longed-for things of the Putnam-co Farm Bureau, according to J. W. Henshaw, county agriculture extension agent, who is now attempting to solve the problem for this county.

On the capitalization, 299 shares of common stock would be held by the Farm Bureau. Shares of stock would be sold to Community associations, it seemed. All corporate matters would be handled thru the State Farm Bureau office.

The Farm Bureau board will enter into affiliation agreements with community associations for specific services at agreed charges.

The bureau will appoint the service manager.

and these will be purchased by the Putnam-co Farm Bureau Finance company.

PLAN NEW FIGHT FOR SLAYERS

Leopold, Loeb Attorneys Prepare for Future Action

TO PLEAD LEGAL INSANITY

Step to Be Taken in Case of Death Sentence

(By United Press) — The attorneys for Nathan Leopold and Richard Loeb, who were charged with the slaying of Robert Frank, have definitely decided to enter a plea of legal insanity in the hearing started by Justice John R. Caverly in the federal court here today.

The decision revealed to the public that the "ace" card in the hands of the defense is the plea of insanity. The defense attorneys are ready to play in the event it is necessary to save the lives of the two boys.

Experts to Testify — The Illinois law of Justice Caverly would be required to call a jury to decide whether Nathan Leopold and Richard Loeb are legally insane. The defense attorneys are ready to play in the event it is necessary to save the lives of the two boys.

Twins Born in Different Towns

These twin girls were born in different places. No. 1 arrived in Mt. Morris, Mich., at 2:35 p. m. one day, and No. 2 was ushered into this world in Flint, Mich., at 3 a. m. the following day. The mother, Mrs. Cecile Darby, was rushed from Mt. Morris to Flint upon the arrival of No. 1.

Four defense attorneys used in the judicial hearings. The defense sought only to show a "certain degree of responsibility," which it argued should influence the judge to the defense. The four who testified were of the opinion that both boys were "mentally diseased," but not utterly insane. Their testimony was used in the judicial hearing because no plea of legal insanity was made. In the hearing the evidence in the case.

JAPS SINK OLD WARSHIP ONCE RUSSIAN NAVY UNIT

TOKIO — Stirring events of 19 years ago were recalled recently by the sinking off Yokosuka of the old battleship Iwami, doomed under the Washington Naval treaty. The old sea fighter was used as a target for practice by the naval air forces.

It would provide two days' practice for the bombers and naval attaches of foreign countries were invited to witness the second day's operations. The invitations, however, were recalled because the Iwami was sent to the bottom the first day.

Vatican Plans Celebration On Holy Year Anniversary

ROME—(By United Press)—A complete picture of the history of Catholic missions thru all the ages amongst all the races of the world will be given in the missionary exhibition to be held in the Vatican court-yards and gardens in connection with the celebration of Holy Year in 1925.

America will be represented from the 16th century to the 19th. For exhibition will portray the work carried on by the various missionaries from the countries which settled the two continents and will deal chiefly with the efforts amongst the American Indians.

The retrospect of the civilizing influence of Catholic missions will be divided into four periods. The first will deal with the sacrifices and travail of the first missionaries the martyrs and apostles of the fifth century; the second will portray the spread of Christianity thru Europe from the fifth to the 12th centuries; the third will cover the work of the missionaries and monks who traversed central and eastern Asia from the 13th century to the close of the 15th, while the fourth will show the wide-spread missionary work of the Catholic Church in America, Asia and Africa from the 15th century to the pontificate of Pius IX in 1846.

illustrate the ignorance of numerous races which will be devoted to point out the superstitions existing in some lands and the practice of witchcraft and sorcery.

Portraits of all the great missionaries of the Catholic church will be hung in a special gallery. Their vestments have also been preserved and will be shown.

The Pontiff has manifested the greatest interest in the collecting of the exhibition and often inquires of the executive committee how the work is progressing.

USE OF TOBACCO INCREASES

Belgrade Reports Show Cigars Losing in Popularity

BELGRADE — Figures issued by the tobacco regis. of the Kingdom of the Serbs, Croats and Slovenes show a marked increase in the use of tobacco in the country in the past year. The figures for the first three months of the present year show that 25 per cent more cigarettes were smoked than during the corresponding period last year.

The consumption of cigars shows a diminution which tends to raise the question as to whether cigars lend themselves to the Yugoslavian taste.

In 1923 there was a consumption of 39,642,849 cigars in the first three months of 1923, while in the first three months of the present year the total was reduced to 1,320,747.

That seems to answer the question whether the cigar will ever supplant the cigarette as the favorite smoke of the Serbs, Croats and Slovenes. But it is worthy of note that the further west the traveler in Yugoslavia goes, the more he finds the cigar in evidence as the popular smoke.

PURSE SNATCHERS PREY ON VISITORS IN MOSCOW

MOSCOW — Russian pick-pockets are particularly active and audacious at the present time, in spite of the efforts of the police to suppress them. Scores of these petty thieves have been arrested in crowded trolleys, trains, and theaters and churches, but the number of them still at large is so great that citizens themselves are asked to make arrests whenever they detect a pickpocket.

American visitors, some of whom have been robbed, have adopted the expedient of carrying their money and valuables in waistbands under their clothing, while others, to foil the pickpockets, have avoided riding on trams and trains. One American was recently relieved of \$700 in a church.

Joy to the spirited girl, joy to the matron in the new Millinery modes for fall. With the roguish little felt and lizard skin hats that have come for the former and the chic high crowned styles arrived for her Mother there is promise of hat satisfaction for all. Further, for the street there are small brimmed saliors and many quill-trimmed Chapeaux, belting ribbon Hats and crushers of duvetyne. While for dress the hat takes on larger proportions and is very likely to flaunt ostrich trim, double brim or bird of gay plumage. Interesting to note that panay shades are fashion-favored and to see them with a tangle of red for youth.

WORLD PEACE IS FRANCE'S HOPE

Herriot Favors Arbitration in Speech to League

GENEVA — (By Associated Press) — France today pledged her adhesion to the principle of arbitration and thru the lips of Premier Herriot gave to the world a message which generally acclaimed her as replete with hope for world peace.

In an address to the assembly of the League of Nations which recently was interrupted with the public, Herriot declared that France would follow in both letter and spirit the solemn document known as the covenant of the League of Nations which forms the first part of the treaty of Versailles, and appeared in principle in advance any plan labeling as an aggressor any country which refuses arbitration.

Especially remarked by the delegates was the French premier's reference to the attitude of the United States towards the league of nations.

"We continue to hope," he said, "that the United States which has already given us such useful collaboration and rendered us so many services, will not refuse her collaboration now, especially as arbitration is the keystone of our plan."

He added that certain dissatisfied citizens of the United States have already assisted with expressions of the greatest value to the reference of the premier was the right of each party to security and peace must be drawn up by a committee of Americans.

TWO WOMEN INJURED IN FIGHT OVER MAN

CANTON — Two women are in Aultman hospital here suffering from wounds received in a battle over a man. Pauline Jamison, was shot three times and may die. June Painter was stabbed four times.

Samuel Tyler, the man over whose attention police say the women quarreled last night, is under arrest on suspicion.

MATCH INDUSTRY HIT BY TAXES

Foreign Interests Buy Plants at Reduced Prices

PFUNGSTADT, Germany — Germany's match industry has been hit hard by the lack of credits and high taxes. Because of these one of the largest match factories in the country was sold recently to interests representing the Swedish-American combine. The German tax regulations require that the internal taxes on matches must be paid two weeks after the product has been placed on the market.

Many manufacturers contend that it is virtually impossible to carry a business under the present conditions when credits are so difficult to obtain. The result, according to the factory owners, is that every match factory in Germany is working on part time or has closed.

They say foreign capital has endeavored to take advantage of the situation and obtain a foothold in the industry when match factories and their property may be purchased at what many persons consider "bargain rates."

JAPS SEEK JOBS

TOKIO — Unemployment is increasing in Japan, according to figures compiled by government employment offices. During June 88,000 men applied to these offices for work, an increase of 150 per cent.

GOES TO DEATH WITH SMILE

Slayer Pays Penalty in Oklahoma Electric Chair

McALLISTER, Okla. — (By United Press) — With a "solong boys," and a wave of his hand, Richard Birkes died in the electric chair at the state prison this morning for his part in the murder of Frank Pitts, cashier of the Oklahoma State Bank during a holdup of the bank in August, 1923.

Birkes maintained his composure to the last. Puffing the stub of a cigar, Birkes smiled grimly at the witnesses.

"I'm not guilty but I'm not afraid of death," he said.

Taking a final puff, Birkes threw the stub away and seated himself calmly in the chair. The straps were adjusted, the switch was thrown and he was pronounced dead a few seconds later.

BRIDE IS MISSING

Young Woman Mysteriously Disappears at Cleveland

CLEVELAND — (By Associated Press) — Police have been asked to search for Mrs. Louise Hibbs Frederick, 17, bride of three weeks who has not been seen since Sunday night when she left her mother's home on the Puritas Springs car line to return to her husband's confectionery store in Lorain-av, here.

She disappeared after boarding the Puritas Springs car.

ALBERT LOEB TO HEAR SENTENCE OF HIS SON

CHICAGO — At the risk of dire consequence due to ill health Albert H. Loeb, father of Richard Loeb, awaiting sentence for the kidnaping and murder of Bobby Franks, is understood to have determined to be present in Judge Cawley's court Wednesday when sentence is pronounced upon the youthful confessor to the crime.

Word has come from Chicago, Mich., where the Loeb summer home is located, that Loeb has swept aside all protestations and pleading of relatives and persons and plans to be in court. Loeb has been at his country home since Nathan Leopold and his son confessed to the Franks murder.

CHARMS VIEWED

15 Judges Preparing to Pick Miss America

ATLANTIC CITY — (By United Press) — Behind closed doors and in the window blinds carefully examined by 15 judges inspected the charms of 73 girls from various parts of the United States today preparatory to selecting the most beautiful formed and fairest of them as "Miss America 1924."

The beauties wore scant bathings of the type known as "two in one." It has a short skirt—very short, and the corset and girdle girls thus attired to the beach. A city ordinance imposes a fine for public appearance in this suit. So the contest was staged in the class room with the fifteen judges and the 73 girls present.

GRAND JURY MAY PROBE WOUNDING OF YOUTH

CLEVELAND — A grand jury may be asked to investigate the wounding of Charles Cooper, 10, of Lakewood, shot at by a corn broker guard.

The boy was temporarily blinded when a window pane in which he was riding was broken in a bullet.

W. H. Stout, the guard, who was shot, said he thought the boy was transporting sweet corn to a damaged area.

Fur—as a trimming

There was a time when we used to think only the very rich wore fur. Now, things are very different because beautiful fur bandings is here within the price reach of all. The smartest frocks are fur trimmed as well as the smartest wraps. So, avail yourself of this opportunity to obtain fur banding from one to six inches wide (and wider) at a truly moderate cost.

Bandings—that are new

Really, one wonders how designers think of so many beautiful lace patterns, bead and silk motifs and novelty trimmings. Our shelves are laden with the finest Venetian laces, Irish Crochet, Flet (in ecru and ochre shades, also) and brightly hued bandings that seem almost too beautiful to use on any garment.

Do stop in to see them.

AIRMEN ON WAY TO BOSTON

(Continued from Page One)

and the three machines, disappeared from view. At 11:45 the airmen passed over Amherst, about 25 miles beyond Poughkeepsie Harbor. The skies were cloudy following a slight rain this morning.

AWAITED BY ESCORT

BOSTON — (By Associated Press) — The American world fliers are expected to step on the soil of their native land today for the first time since they left it at Seattle on April 8, when they dropped into Boston harbor and landed at the Boston airport. Lieutenant Lowell H. Smith and his companions will be met and escorted here by a formation of airplanes led by Major General Mason M. Patrick, chief of the United States air service.

After taxiing to their mooring bays, the fliers will be greeted by salute of 21 guns fired by an anti-aircraft battery and "The Star Spangled Banner" played by a military band. The fliers will be escorted to the city by a general state and municipal authorities who will escort them, where they sign the visitors' register of the Boston airport. Following the ceremonies the fliers will be given an opportunity to rest and dine alone. Every effort will be made to shorten the ordeal of official and informal reception. In order that the fliers may prepare for the first American leg of their flight.

In view of the great public interest in the arrival of the world flight, Major General Patrick has provided that announcement of the approach of the fliers will be made by the formation of the flying escort over Boston Common when the fliers are about two hours distant. The 13 planes after circling the city will fly to the northeast to meet Lieutenant Smith and his companions.

WILL BE PHOTOGRAPHED

The air Magellans will be greeted by their fellow birdmen by a series of short "zooms" or sharp dips. Forming an escort of the round-the-world squadron, the escort will accompany them to Boston while army photographers will take pictures for the war department archives and a radio plane soaring high above the entire flotilla will broadcast a description of the approach to Boston.

Major General Patrick after his aerial salute to Lieutenant Smith and his companions, who about 30 miles from Boston will race ahead to join the official welcoming party on a barge anchored near the landing buoy which have been placed in the harbor opposite the airport.

In answer to a wide public desire to see the marking of the first American post of the historic flight, airport officials have arranged to provide for 100,000 operators setting aside ten acres of parking space for automobiles and extensive areas for pedestrians. Railway and street car companies have scheduled extra transportation facilities to handle the throngs.

The second and last day of the fliers' stay here will be occupied with supervision of the equipping of their planes for the transcontinental flight, a brief official presentation and a single public appearance on Boston Common.

LAND SALES

WAPAKONETA — (Special) — Sale of 933.65 acres of land in Union-tp in sections 26, 27, 34 and 35, to C. A. Enz by the Struss Bros. Co., for \$150,000 was announced Friday in connection with the purchase by the Anglize National bank of 330 acres of land in Section 21, Clay-tp, from Charles F. Herbst and Elizabeth P. Middleton, 165 acres of which land the Anglize National bank sold to Charles P. Fletcher.

SKAT QUIT; TED IS HIRED

Skat sneaked into Lima Friday morning after a two days A. W. O. L. and was found hiding in a dark corner of his home. The feline prognosticator seemed worried but would not divulge the cause of his troubles. He seemed in a daze and it was only after considerable persuasion that he made the unpopular announcement that cooler weather is due Friday night with a slight change for the warmer on Saturday. Skat is disappointed. He refuses to work any more, so an S. O. S. was sent to Ted to return to the job by Sunday morning to replace Skat, who insists he will be many miles away from Lima by that time.

MAN FINED FOR AIDING BROTHER MAKE ESCAPE

Clyde Pugh, 20, of 1310 S. Main-st., who was arrested Thursday afternoon charged with aiding and abetting a criminal to escape, pleaded guilty to the charge Friday morning and was fined \$15 and costs by Judge Poling.

He was charged with aiding his brother, Carl Pugh, who was taken on a charge of carrying concealed weapons, in an attempt to escape.

Max Falk Jr., manager of Ehlman's Clothing Store, is recovering at St. Rita's hospital from an operation performed last week.

TEACHERS TOLD OF LIBRARY

Many Books Would Aid in Work, Librarian Says

Teachers present at the Allen Teachers' Institute this week were invited by Miss George McAfee, city librarian, to go to the public library to examine special titles and for book conferences. Since Allen does not have a library tax, Miss McAfee says any teacher desiring to use books which are on the library shelves here may obtain them free from the state library in Columbus.

An exhibit of books of interest to teachers is also being used to a great extent. Following are some of the books in the exhibit:

For the Story Teller, Ballou; Types of Children's Literature, Barnes; Century of Children's Books, Barry; Kindergarten Activities, Beebe; Methods, Aids and Devices for Teachers, Beecher; Children's Book of Celebrated Pictures, Bryant; How to Tell Stories to Children, Bryant; Story Pictures Told, Carpenter; Children's Literature, Curry; Schools of Tomorrow, Dewey; Talks to High School Boys, Holmes; Special Day Exercises, Kellogg; Child's Unconscious Mind, Lay; Problems of Child Welfare, Mandell; Fifty Stories from Ohio History, Martzoff; Children's Reading, Olcott; Good Stories for Great Birthdays, Olcott; Storyman's Clothing Store, in recovery at St. Rita's hospital from an operation performed last week.

SEVEN POLICEMEN MAY BE DISMISSED

CANTON — Seven city patrolmen will be dismissed from the police force unless they resign at once, Safety Director James Roberts said today. The officers, all of whom were recently suspended for thirty days, were implicated, city officials asserted, either directly or indirectly by witnesses in connection with the trial of former Safety Director E. E. Curtis who was convicted on a bribery charge. Charges have been drawn up against the seven officers and will be filed unless they leave the force, Roberts announced.

CUSTODY OF BOY — WAPAKONETA — (Special) — Care of Car Buffenbaugh was ordered transferred Friday in probate court from Mrs. George Wagner to Mr. and Mrs. William Bowman of Lakeview. Statement of inventory was filed Friday by Nina Hoelscher, guardian of Olaf and Evelyn Hoelscher, minors.

U. S. IS PROBING DISCOUNT CO.

Various Branches of Cleveland Concern Investigated

STATE ALSO GATHERS DATA

Plans Made for Federal Grand Jury Action

CLEVELAND — (By United Press) — Federal authorities, it is known today, are making a sweeping investigation of the affairs of the Cleveland Discount Co.

The probe is the most penetrating and far-reaching thus far undertaken.

H. K. Cochran, postoffice inspector and two accountants, are looking into the affairs of the company. Cochran and his assistants are probing the company in the central part of the United States.

Postoffice inspectors in New York are investigating the activities of the concern's eastern branch and the status of scores of trust accounts in eastern banks.

Los Angeles postoffice inspectors are doing the same thing on the Pacific coast.

A E. Bernstein, United States attorney, probably will assign two members of his staff exclusively to the discount case when Cochran signifies his readiness to take the matter before the federal grand jury.

While the government is pushing its probe, Paul S. Knight is making a preliminary investigation for state authorities.

It was considered probable to that Bernstein will make arrangements without awaiting the grand jury action, basing his warrants on evidence already uncovered.

Thus far the investigation hinges around these charges: —That representations were made for the promotion of stock sales that the discount company paid only in first mortgages, whereas in reality its first mortgage holdings are very small.

—That the company traded no common stock to stockholders but had purchased preferred stock on a basis of two for one.

FIRE RISKS
BERLIN — It would seem that the people of Berlin are more anxious in the matter of fire risks than in the early morning hours than at other time of the day.

Berlin had 800 fire calls during July, and a majority were in the early morning. The fire chief says it is because people are only half awake when they stir around the breakfast table.

JACK'S DAD WEDS AGAIN

Hyrum Dempsey of Salt Lake City (left), whose son, Jack, is quite a well known character nowadays, may be getting along in years—but he has young ideas. When his pugilistic son fought Tommy Gibbons in Shelby, Mont., a year ago last July 4, Hyrum had a ring-side seat. And he wanted to look his best. So he stepped into a barber shop and got a manicure. But that was just the beginning. Hyrum, who admits he is 67, fell in love with the manicurist, Lottie Dexter Blasingame (right), just 26. Now comes word of their marriage.

WHEAT DAMAGE CAN BE CUT

Observance of Fly Free Date Will Kill off Pests

If Allen-co farmers want to cut down losses from Hessian fly in the wheat they sow this fall, their best bet is to delay sowing until danger from the fly is past, says T. H. Parks, extension entomologist at Ohio State university, in a letter to H. J. Ridge, county farm agent. Hessian fly infestation increased to 11.6 percent in the whole state in the 1924 crop, an entomologists' survey shows.

By postponing wheat sowing until the dates recommended, Parks says, the Ohio grower's wheat will avoid the fall brood of the Hessian fly; with no fall brood, there will be no spring brood; and with no spring brood, the wheat will have no summer damage.

Safe sowing dates for this county, Parks says, are between Sept. 26 and Oct. 5. Sowing later than these dates is poor practice, he says. When rain makes it nec-

essary, the importance of a well-prepared and fertilized seed bed is emphasized.

"County-wide cooperation in observing safe-seeding dates is important and has been demonstrated," the entomologist continues. "Two percent of the wheat acreage of a county which was sowed too early in 1921 served to perpetuate the Hessian fly as a serious menace in the fall of 1922."

PRESIDENT SPEAKS AT BALTIMORE TOMORROW

WASHINGTON — Government business took up practically the entire attention of President Coolidge today, with the regular cabinet meeting in the morning and other officials on his engagement list.

Mr. Coolidge has been devoting considerable attention to his plan for investigating agriculture thru a commission at an early date. He also has asked for additional data on the report of the tariff commission relative to the sugar duty, but a decision on this is not expected immediately.

The president will leave tomorrow morning by automobile for Baltimore where he will deliver an address at the unveiling of the LaFayette statue. He will return immediately after the exercises.

CITY READY TO PAVE STREET

County Held up by Street Railway Franchise Delay

Financing of the city's portion of the S. Metcalf-st paving will be taken up as soon as the time limit for filing remonstrances has expired. Paul T. Landis, city solicitor announced Friday.

Landis said that legislation on

Clears Complexion

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE IS a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying for that coveted attractiveness—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

SSS is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 SSS has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema, and from rheumatism, too. Because SSS is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

SSS is sold at all good drug stores in two sizes. The larger size is more economical.

SSS The World's Best Blood Medicine

the part of the city is completed and there will be no delay from that direction.

County officials, however, are marking time on account of failure of the Lima City Street Ry Co to submit their proposed franchise to the county board.

The franchise has already been

approved by the city, Landis said. Under terms of the franchise, the traction company will abandon the W. Vine-st spur and run cars south on Metcalf over the viaduct.

It is likely that the county commissioners will O. K. the franchise, without objection. Attorneys for the company are to

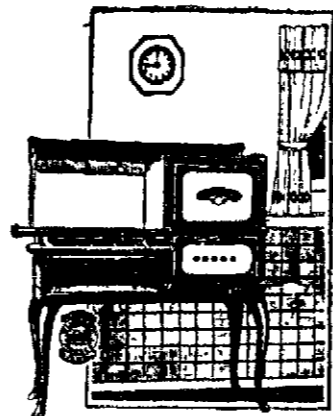

present the matter. At an as early a date as possible, county commissioners will advertise bonds for financing their share of the improvement. After the securities are sold, immediate steps will be taken to receive bids from contracting firms for the work.

The Lima News

AND TIMES-DEMOCRAT

Published every afternoon in The Lima News Building, 121 E. High-st., Lima, O. Entered at the Lima, O. postoffice as second class mail matter.
EAPL R. LEACH, Managing Editor. By Mail one year, \$6.00. City Carrier, 15c a week.

OPEN LETTERS

To Chief Lanker

Dear Tom: Let's get traffic rules at Main and High-st. settled soon.

I'm not convinced that the light in the center of the street is the thing. It works well at night, but is hard to see in daytime. And the lights thruout the city should be uniform.

We must get the left turn matter settled definitely, also. Drivers are confused. Sometimes they are permitted to turn left at that intersection, and other times they are not.

I believe a system when by drivers at the front of the column of traffic that is stopped would be permitted to turn right into traffic moving in the opposite direction might help. Travel is so light at most times that this would cause no confusion or danger, if drivers used good judgment.

We can't keep Lima folk and visitors up in the air all fall. We must get a uniform system and not change it every few hours.

LIMA BEANE

To Banks and Building and Loans

Friends: Figures just announced locally and for the state show a healthy growth in your business during the last year. Much of this increase has been in recent months.

That, I take it, means that we are pretty prosperous; that there has not been the halt that some pessimists would have us believe.

I am convinced that there will be a decided but gradual increase in business from now on. Every barometer points to good times ahead for everyone. I'm expecting some very favorable cheer news within the next several days. This is inside info. and I'm just giving you a hint.

LIMA BEANE

To Lima Mailmen

Boys: I was surely proud of you during the state mail clerks convention here. You were splendid hosts and did everything in your power to make your guests feel at home. We all owe much to the mail service and to the men who work day in and day out to make possible the quick dispatch of mail matter. Some day we hope Uncle Sam will see fit to give us a real postoffice to take care of the rapidly growing business.

LIMA BEANE

To World Fliers

Aviators: Welcome home again. I have been following your course around the globe with great interest. It seems as tho when anything is to be done it is the American who must do it. You have had no easy task but the end is in sight and I believe I am safe in predicting complete success. "Can't you find time to visit my city later in the year?" My citizens would give you a hearty welcome.

LIMA BEANE

To Boy Scouts

Youths: Well, you are back home from a real trip. During your journey thru the southern part of Canada and the more popular sections of our country you observed many things never to be learned in books. Another trip is contemplated. I

hope many more will be able to take it when it is made available.

LIMA BEANE

To Everybody

Celebrators: All those who had a good time at the big Mardi Gras celebration here Labor Day please say Aye. Stop! Don't deafen me, please. It was a real success. From early morning until late at night the merrymaking continued. Athletic contests, stunts by the army fliers from Dayton, the big parade that exceeded even the fondest expectations, the mardi gras dance in the evening and the ball games all combined to make the day one to be long remembered. Everything was free yet that did not mean that it was cheap and of small value. Instead all entertainments were of the very highest order and everyone was more than satisfied. I am even willing to forgive the weatherman for the shameful way he treated us.

LIMA BEANE

To Realty Owners

Home Buyers: Real estate transactions are showing an increase. Homes are changing hands thruout the city. Construction costs are tending downward to a degree at least and as each new price level is reached many who have always wanted a home are able to make the purchase. There is a need, however, of remembering that unfair valuations either in property or rentals cannot stand against the law of supply and demand. There will be some houses and apartments vacant this winter because owners are not able to gauge properly the proper price level for their property.

LIMA BEANE

To My Storekeepers

Improvers: I notice that a number of you are placing new fronts in your store buildings and otherwise changing your establishments for the greater economy of operation and comfort of your customers. Especially is this true along Main-st. This is as it should be. With the new paving all of us should do everything possible to make the city look better and more like the city of 100,000 it will be some day in the near future.

LIMA BEANE

To J. E. Morton

Dear Jim: I'm glad you are coming back. You will find a spirit of friendliness for you in the old town and I'm expecting great things. It is a distinct honor for you and I know everyone will be pleased.

There are several things I want to take up with you after you get your feet on the ground again in Lima. With the push and cooperation we'll have, wonders can be worked.

LIMA BEANE

To R. B. Heed

Truck Seller: I am glad to welcome you to my city and to one of my leading industries. I am sure you will be able to render valuable service and help Lima boosters keep Lima made trucks in their rightful place in the industry.

So, along Elm street, tarrying at a once noble Memorial Hall. Which, howbeit, is rapidly falling into decay. If the County Kommiss doesn't paint the doors and window trims before snow comes, the old barn will not keep out the weather this winter.

On the Main-st. fatway, bowed to Oscar Young, the musician, and City Auditor Churchill. Here's Danny Jones with a roll that would choke a bookmaker. Howbeit, on his way to Detroit to buy four cylinders.

Ainsworth Kahle, the golfer, talking real estate during odd moments away from Shawnee, Joe Madigan, the politician, Messrs. Myers, rental attache of the waterworks department, R. T. Grogan, the merchant prince, watching the new electrical traffic regulator. Jacob Piper, retired grocer and banker, strolling in that easy grace, which only satisfaction with affairs gives to man.

There's C. R. Phillips, county auditor, albeit can't get close enough to hint it off. He must hurry the new appraisement and get it on the duplicate for January payment. If he doesn't, Mrs. Lima will have only one for operating expenses, on every thousand odd valuation. The

Hon. William will probably put on a night shift, and make the grade.

Thru the new Leader store, with its metropolitan lighting system and sky-scraper fast express elevator. Some store. To a moneys, albeit no satisfaction, thence home direct to lunch. On a meat sizzling, and the best deep frozen apple pie I ever did eat. Working awhile in the back yard and on my cement garden patch, later in a benzine waggon to St. Marys.

Dined with my wife, out the afternoon thru with friends. And home in fair mood and sprightly discourse. We agreed on almost all things but one or two important ones, which brought some disagreement. She, having much the better of the disputatious lingo.

Came a telegram from Dee, who never appreciated the difference between a common red 2c postal stamp, and a 30c sheet of yellow paper, with envelope.

So, reading a country tale called Dr. Nye, it brot memories of the old swimming pool, called a gravel pit. And the coasting down Johnson's Hill. Thus, in reverie, on a bonanza crunch and sweet milk, early to bed.

ANOTHER DELILAH

LIMA NEWS HEALTH SERVICE

By DR. WILLIAM BRADY

Physical education has been compulsory in the schools of Finland for about 25 years. An interior decorator, a paper hanger, from Finland has shown by his Olympic performance that he is the greatest runner the world has ever seen.

The "dreamy children" recently tried for murder in Chicago are conceded the highest rank in intelligence. They have had every opportunity to acquire an education. There must be something wrong with our system of education. It seems to develop culture but not character. Intellectual training and knowledge should endow a man with a higher order of conscience and strengthen his moral fibre. Yet how many people who purport to be cultured or at least educated are moral monstrosities like the Chicago culprits.

A child is naturally afraid of a snake. A snake will naturally not injure a child. But how many children grow up afraid of snakes. By precept and example nearly every child learns to fear snakes. By laborious instruction a few can be made to realize that what they know about snakes "ain't so." A naturalist with scientific training is not afraid of snakes. Here is a letter from a feminine naturalist:

Dear Doctor Brady: I read with much interest your article on snakes. . . . Being somewhat of a naturalist I take pleasure in studying fish, frogs, salamanders and snakes, and have found that our snakes are not only absolutely harmless but they readily become great pets. No animal is so graceful in its movements as a snake and many snakes are gorgeously colored. . . .

It is positively disgusting to see children torture such creatures while parents look on with approval. Men and women who are not afraid to face real dangers shrink from a perfectly harmless, unoffending salamander under foot. Others, who would not face a human being in a fistie encounter feel themselves heroes when they kill or horribly torture a snake which would and could never harm them.

If people would only stop to think that a snake will always try to get out of one's way and will bite in self defense only when cornered! And when snakes do bite there is nothing to be alarmed at—as you said in your article, it is a mere pin prick.

Very truly yours, A. K.

People with character do stop to think. People with mere edu-

snake's presence. But as I have said before, even the bites of these venomous snakes are seldom fatal, as thousands of persons who have been bitten by rattlers will testify. The tradition of the deadly effect of such bites is on a par with the superstition that any and all snakes, even the common garter and black snakes are dangerous.

Persons in a region where rattlers, moccasins, copperheads or other venomous snakes occur should be prepared to apply this first aid treatment: Immediately incise or scarify with knife or needle the skin at the place where the fang punctures show, to induce some bleeding. Suck the wound if it doesn't bleed. Inject into the skin about the wound 5 per cent potassium permanganate solution.

THE TEST

God won't ask if you were clever. For I think He'll little care. When your toll is done forever. He may question: "Were you Did you do the best you could? With the knowledge you possessed? Did you do the things you should do?" That will be your earthly test.

God won't ask what sort of labor Life commissioned you to do. Were you richer than your neighbor?

Of the many or the few? But you knew what right and wrong were. What was bad and what was good. And you knew what weak and strong were. Did you do the best you could?

Were you skillful, were you daring. Were you brilliant? What of those?

All the medals you are wearing. Once in death your eyelids close. Will remain on earth behind you. All you'll ever take away Is the soul which God assigned you For its tennement of clay.

There the great may be the humble. And the poor may be the rich. And the weak and frail who stumble. And the digger in the ditch May receive eternal glory For the good they tried to do. God shall smile to hear your story If you lived to what you knew. (Copyright, 1924)

NERVOUS WRECK

by E. J. Rath

©1924 by NEA Service Inc.

BEGIN HERE TODAY

The Wreck was glancing in the direction where he thought Pittsburg lay when his eye was attracted by a movement of something in the meadow below them. "What's that?" he asked, pointing.

"Two horses, with riders," said Sally promptly. "And they're following our trail."

"I left the rifle hanging on the saddle," he said, sleepily. "Let's hustle down and get it. Besides, we want our own horses."

Half running, half sliding, they started down the steep hillside. "Keep behind the rocks and trees as much as you can," she advised.

They dodged into cover wherever they could find it, working toward the spot where they left the horses. The horses were not in sight.

"I'm afraid they've drifted down toward the meadow," she said. "What do you think we'd better do?"

"Keep going," he said. "But if they reach the horses first—"

ON GO ON WITH THE STORY

"So, you're trying to get me nervous about this?" demanded the Wreck. "Because you're sure you're going to die if you are. I can't get out of this."

Sally led him with a speculative look as he began running his fingers through the mane of the black horse. She had never seen the Wreck looking quite so nervous. Presently she began to laugh.

"I wish Bob Wells could see you," she said.

"Yes."

"Oh, you couldn't get belligerent," he laughed at Bob. "He'd just die of mortification. He'd never cut up and die or shoot you. I could make which."

The Wreck shrugged and eased himself in the saddle. Then he began laughing himself.

"Well, what do we do next, Sally?"

"Keep moving, I suppose."

"What's wrong?"

"It was getting to be a fine morning as she swung about in her saddle and began studying the country."

Then she led the way again, across a meadow. The Wreck could not understand her. In his place, he would have wanted to get to Chicago, even over the dead bodies of sheriffs and hold-up men, if necessary, do his buying and finish up what he started out to do. But here was a person who did not seem to care whether she completed her errand or not. It struck him as peculiar.

They broke into a trot and he did not mind it in the least. What did he care if he fell off? Soon they were climbing a hillside, and when it became too steep for the horses, they dismounted.

"Well, leave them here," said Sally. "Just throw the reins over his head and he'll stand. I can't see how you got up to the top for a better look."

CHAPTER XXII

The Wreck stared. It was not the highest of the hills, but it was bare at the top, so that it afforded them a panorama that boxed the compass.

"I never that streak off to the north," said Sally. "Is the main road?"

The Wreck nodded his agreement.

"I don't want you to think I'm a quitter. But I'm not sure that I have any errands in Chicago. Not now, at any rate."

"That's all right."

"Saddle sore?" she asked suddenly.

"No."

"I think if you could always ride the sheriff's horse, Henry, it would overcome your prejudice against the sheriff's happened to be waiting at."

He grinned.

"LOOKING FOR ANYBODY?" ASKED THE WRECK.

"We've got to take a chance. Maybe it's nobody who'll bother us, anyway."

She had misgivings on that score, but followed him as he took the lead. A few minutes later when he was several yards in advance, she saw him stop abruptly and make a signal for caution. He pointed to an opening in the trees.

"It's your friend and somebody else," he whispered.

The Wreck was right. Bob Wells, dismounted, had recovered his own horse and was subjecting it to a critical scrutiny. With him was a man whom Sally had never seen before.

"Out of luck again," she groaned.

"Oh, they haven't got us yet," said the Wreck, confidently. "But they will."

Presently the sheriff began examining the ground and Sally pinched the Wreck's arm.

"There—he's looking up at Duck!"

There was a big boulder paddy; they stepped behind it and flattened themselves.

"What'll we do?" asked Sally. "We might work around to the side," he suggested. "But—they're coming now."

Up the steep slope they could see the sheriff and his companion. "Well, I guess this is the finish," she said grimly. "Listen," whispered the Wreck. "You stay here."

"Where are you going?" she seized his arm.

"I've got a scheme. Leave it to me."

"We're both in this together, Henry."

"Let me go," said the Wreck, fiercely. "I know what I'm doing."

She released his arm.

"Please be careful, Henry. Please."

"Sure," he spoke jauntily. "Rising suddenly to his feet, he winked reassuringly.

"So-long, Sally. You stay right here until you're sent for."

He stepped out from behind the boulder. She watched him with wondering eyes. Why—he was surrendering.

The Wreck's hands were lifted in the air as he strode down the trail. He had not gone half a dozen paces when the sheriff's gun covered him.

"Heigho," said the Wreck. "Looking for anybody?"

Bob Wells stared, and as he stared his mouth opened wide.

"Well, I'm a son of a gun!" he gasped.

"Uh-huh," assented the Wreck. "What's the idea?"

"It's the four-eyed dude!" said the sheriff, in a voice of wonder.

Sure.

The second man joined the sheriff, and both stared incredulously at the spectacled Wreck.

"Go it was you who stole my horse," said Bob Wells.

"Just utilized him," said the Wreck.

"And you've been running a stick-up game?"

The Wreck grinned.

"I decline to answer, on the usual grounds," he remarked. "You needn't keep that gun on me unless you're nervous."

The sheriff's glance roved the hillside.

"Where's your gang?" he asked suddenly.

"Well, if I was a sheriff," raved the Wreck, "and if I thought there was anybody else I wanted, I'd go and look for 'em."

"What would you be doing with two horses if you didn't have somebody else with you?"

"I'm a trick rider," Bob Wells stood growling.

"You're a fresh bird," he muttered.

The Wreck began playing with a handful of pebbles.

"We'll get your gang anyhow," said the sheriff.

The Wreck was humming a tune.

Suddenly Bob Wells remembered something.

"Where's that flivver of yours?"

This was news to the Wreck. He had supposed that the flivver was also captive.

"She's in Montana," he said archly. Just then Bob Wells remembered another thing, and it startled him.

"What became of Sally Morgan?" he demanded.

"Oh, she got her train."

"If I had the least suspicion she didn't," said the sheriff, slowly. "I'd shoot you where you sit."

Bob Wells turned for a whispered consultation with his companion.

MYSTERIES OF THE ANCIENTS

The Department of Agriculture of Egypt has seeds which were found in age-proof containers in the tomb of King Tutankhamen which they will endeavor to propagate at their Agricultural Research Laboratories. These seeds may represent herbs containing medicinal properties that this age and generation knows not of. It was the simple roots and herbs of the field that half a century ago produced Lydia E. Pinkham's Vegetable Compound, remedy that has never been equalled in overcoming ailments peculiar to women.

FUNERAL HELD FOR GEERS
Services Conducted at Daughter's Home in Memphis

MARKED BY SIMPLICITY
Mute Tribute Paid at Wheeling Race Track

MEMPHIS, Tenn. — (By Associated Press) — Edward F. "Pop" Geers, veteran reinsman, died on the track at Wheeling, W. Va., Wednesday when his horse "unleashed" and fell, came home today to receive the acclaim of his home folks at the finish of his last greatest race—a winner in the gruelling contest of life.

Simplicity, the very symbol of life he lived, marked the last sad rites for the picturesque reinsman at the home of his daughter, Mrs. Wallace W. Cunningham, where a brief funeral service was conducted by the Rev. William Purvis Nelson, pastor of Idlewild Presbyterian church, assisted by the Rev. Edward C. McCown of Wheeling. "Pop's" son-in-law, Mr. Louis, will be forwarded to Louisville, Tenn., for burial tomorrow.

WHEELING, W. Va. — (By Associated Press) — The retns that Edward F. "Pop" Geers held to his horse in a battle on the track and only dropped when his death Wednesday in a race at the West Virginia State track were taken up by his son, Harry of Flemington, N. J., an ex-raced horseman.

Reinsman Mr. Geers was a member of the string of horses that had been maintained in the late turfman was a member of the "Geers" team, nephew of "Pop" Geers and business manager of the Geers stable. Prior to his death, Mr. Geers had been making for Memphis to attend his daughter's funeral. Mr. Geers had no decision had been made on the filling of racing contracts made for "Pop" Geers on the balance of the season.

Reinsman, the veteran, died at the age of 55.

THEATRE DIRECTORY

Changing Partners with Leatrice Joy. **Perfect Flapper** with Corrine Griffith and Milton Sills. **Single Wives** with Leatrice Joy. **Manhandled** with Leatrice Joy. **Manhandled** with Leatrice Joy.

"A Trial Honeymoon" Many Lima theatregoers have wished they could sit in a New York playhouse during the "first night" of a new show. Some of them have fulfilled this desire but to most it is merely a wish.

In the presentation of "A Trial Honeymoon" at the Faurot opera house Friday night theatregoers will have an opportunity to see a musical comedy before it is seen by New York audiences.

Of course there is always a chance that a play will not prove a success when given its tryout in an eastern metropolis but "A Trial Honeymoon" is going east with a very successful record in Chicago, unstinted praise from critics and the best efforts of Joseph M. Gates, a producer who has presented successes in past seasons and who knows the necessary qualities for Broadway success.

Leatrice Joy and her very young and charming partner, a Frenchman, are the stars of the production. All portions of the show are new and exactly as they were seen in Chicago and as they will be presented to New York audiences in October. "A Trial Honeymoon" will be the first road show of the season at the Faurot opera house.

Spooks The Ophem theatre patrons have been treated to something a little different from the ordinary kind of production in "Spooks" a comedy set to music which was presented for a week on Tuesday matinee for a week. It is presented by the Faurot opera house. The comedy situations are a point of attraction in the production. During the three weeks of the production, more or less mysterious things will happen and the blame passes from one of the four persons in the fortune at the end of the play comes an entirely unexpected ending.

Much of the dramatic power of this scene is lost, however, probably because the players are more adapted to comedy than tragedy. In the scene as it was enacted Thursday afternoon there was a distinct feeling of unreality and improbability and unsatisfactory.

Special scenic effects and costumes of the chorus have been arranged for the play and despite minor defects in the carrying out of the plot of the play it will be found very pleasing by New Orpheum patrons.

SQUIRREL SEASON TO BEGIN SEPT. 15

Squirrel season will open Sept. 15, and close Oct. 30. Hunters are already obtaining licenses in large numbers, according to John T. Cotner, clerk of courts. More than 300 licenses have been sold in the past three weeks. Cotner advises hunters to buy now, and avoid the rush prior to opening of the season.

French Prescription

A Sensation Among

FAT PEOPLE

A RELIABLE AND WELL-KNOWN French Physician prescribes a formula which works wonders for reducing. He used it for years in Europe in private practice and it was later persuaded to give it up to the general public. Physicians, Druggists, Nurses now recommend it for the most obstinate cases of obesity. It is a combination of harmless and fat ingredients which are put in a small tablet called "SAN GRINA". "SAN GRINA" while being absorbed by the system destroys all fat-forming elements and safely does away with the rolls of fat. EVEN OF LONG STANDING—reducing is gradual—does not leave one flabby or wrinkled and is absolutely guaranteed not to have any ill effects, such as loss of weight, loss of appetite, such reliable physicians as Dr. J. J. Rudolph, former Health Commissioner, exclusively use "SAN GRINA" in his private practice. Although "SAN GRINA" is mostly recommended by doctors and specialists for reducing, it has also been found a great help for high blood pressure, dizziness, puffing, tired feeling, and tones up the entire system.

NOTE—"SAN GRINA" has been introduced in America. It has not with such success that imitations cannot be avoided. Save yourself from disappointment. Buy for, and be sure to get, "SAN GRINA". Do not accept a substitute claimed "just as good."

TEMPORARY INJUNCTION TO HOLD, LOCAL COURT RULES

Motion to dismiss a temporary injunction obtained by the Bassick Mfg. Co., of Chicago, against the Alemitte Lubricating Co., of Lima, has been overruled by Judge H. W. Blechly, of Van Wert.

The court ordered the temporary restraining order to remain in force subject to modifications made by the court on Aug. 13.

How to Banish Piles

Thousands Bless Dr. Leonhardt, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

The Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause. Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, Hunter's Drug Stores and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.

BROOKLYN WINS FOUR CONSECUTIVE DOUBLE HEADERS

MAKING A MARK THAT SETS GOTHAM AFIRE

NEW YORK — (By Associated Press) — The Brooklyn Dodgers of 1924 are emulating the Boston Braves, trailing the whole field on July 4, began their famous drive that brought them under the wire first in September.

Over across the Brooklyn bridge they're saying that history repeats itself every decade.

From the ancient corridors of Borough Hall to the cat-skins of Flatbush they're talking baseball and the armistice at Ebbetts Field are being reinforced for the rush of each summer when the Robins come home to roost for the last time.

It was on Sunday, August 24, that the stalwart shoulders of the mighty Dodgers were first pinned to the Astoria. And there were well-nigh 100,000 fans at that killing, the Cardinals administering a double defeat to the Brooklynites, the second game going to St. Louis 17 to 9. But since that humiliation the Dodgers have won exactly 10 straight games, eight of them in the last four days.

A 100-0 record would be a thing to brag about, but the Dodgers, in winning four consecutive double headers in as many days.

When this sensational winning streak started the Dodgers were well behind in third place, seven and one-half games behind the league leader, Giants. Today the Brooklyn team stands in second place, three points in the percentage column behind the Giants.

The Dodgers Thursday won a pair from the Boston Braves, jumping from third to second place when the Pirates skidded against the Cardinals. And Brooklyn's victories were decisive, the first being 5 to 1, and the second, 9 to 1. St. Louis thumped Pittsburgh 9 to 5 and the shipping Giants lost a decision to Arthur McPherson's Phillies, 10 to 6. The Cincinnati Reds, fighting desperately to land in the first division, fumbled the job 3 to 0.

JOHNSON FOR PRESIDENT

Down in Washington, they're talking of running Walter Johnson for president on an independent ticket with Stanley Harris as his running mate. They're calling the royal and ancient Walter the Washington monument and defying any of their rivals to try and climb it.

The Senators Thursday with Walter Johnson feeding the pills administered the other to the Boston Red Sox while the Yankees were knocked unconscious by Connie Mack's Athletics. The Washington club won 12 to 5 while the Yankees trailed the Athletics, 8 to 3. Chicago and St. Louis played a game that was called in the second inning on account of darkness.

Washington now enjoys a lead of two full games over the Yankees and the season is shaping up as the American League flag will be decided on western battlefields as both the Yanks and Senators have important assignments in Missouri, Illinois, Michigan and Ohio that will likely muss up the complexion of the percentage column to a considerable extent.

ROBINS A SENSATION

NEW YORK — (United Press) — Playing the greatest ball in the big leagues, the Brooklyn Robins have become the sensation of the year in their dash for the National League pennant.

By taking their fourth double header in four days the Robins moved up into second place last night within three points of the leading Giants.

The Robins have won 12 games in succession, the season's record and have been victorious in 27 of their last 32 games. Dazzy Vance won his twelfth straight victory and his twenty-fourth game of the season in the first game and Dutch Reuther won his first game since July 6 in the second game. Bill Doherty, the Cardinals' cast-off, has won seven straight games.

The return to form of Reuther will be of immense help to the club and if he gets going in real form, Brooklyn ought to win the pennant.

The Senators gained another game on the Yankees in the American League. The Yanks are going badly and they are handicapped by Ruth's injury.

TRIBUTE TO "POP" GEERS

Just at the hour of 2 o'clock Thursday 50,000 people congregated at the Wheeling, West Virginia fair grounds to view the great application to the memory of Edward P. (Pop) Geers. There was a full view of this vast audience. The horse under the guidance of this veteran was to have tried for the half-mile track record. As this vast throng gazed at this wonderful horse, developed by this wizard in horsemanship, there was a deadly silence. Perhaps there were very few who had not known of "Pop" Geers and had become attached to him because of his honesty, his integrity and love for the turf and horses, remembering that this his honorable and steadfast determination he had done more than his allotted share in bringing harness-horse racing to their present high level. There were many tears in the eyes of those who had known him best, as they stood bareheaded gazing into space; at the empty seat behind Peter Manning, who was taking the place of him, which time alone can pacify.

It is certain that the memory of "Pop" Geers will endure thru the ages, for in his chosen work he was a true and level high and clean; a precedent that other great horsemen will and must emulate.

Railroaders Still Lead League

Bunching hits, passes, and errors for 15 runs, the Nickel Plate team maintained its leadership and won the championship of the Industrial Twilight League Thursday evening by easily defeating the Catalpa Indians in a five-inning game. The Catalpas failed to score, several of their rallies being cut short by double plays. It was the last game of the season in the league.

Nickel Plate made only nine safe blows off three Catalpa pitchers, but they were helped by three passes and seven Indians errors.

It was the first time this year that the Indians have been whitewashed.

Nickel Plate meets the Cincinnati Nicks at Fairport park Sunday afternoon.

Score by innings:
Nickel Plate 1, 3, 7, 23—16 9 1.
Catalpa Ind. 0, 0, 0, 0—0 2 7.
Batteries: Cunningham and Phillips; H. Wright, G. Wright, N. Wright and Vaughn. Umpire—Duff.

SQUARED CIRCLE

LEONARD OUT OF IT

NEW YORK — Claiming that the hand he injured in his recent contest with Pat Moran in Cleveland had not responded to treatment, Benny Leonard, world lightweight champion, has called off his contest with Mickey Walker for the welterweight championship and has stopped training.

CLEVELAND — Light heavyweight champion Gene Tunney and Harry Greb, middleweight title holder, who meet in a ten round no decision bout here Monday night, are expected to arrive today to complete their training for the contest. With the arrival of the contestants it is expected that the problem of who will referee will be solved.

Australians And French To Play

BOSTON, Mass. — (By United Press) — With the score squared at one all after the opening matches, the Australian and French teams will meet in the third match of the Davis cup finals here this afternoon.

Rene Lacoste, who won a surprising victory over Gerald Flaherty, Thursday and Jean Borotra will meet Patterson and Pat O'Hara Wood in the only doubles match of the round.

Unless Patterson plays better than he did Thursday against Lacoste many of the critics believe the French team will win this afternoon and the match may be the deciding one of the series.

JUNKIN WON'T PLAY

WOOSTER, Ohio — Wooster's first loss in the way of football material for this fall came this week when Clarence Junkin, star end and a four letter man at Wooster, definitely decided not to return to school this fall. Junkin was not in school the second semester last year but it was hoped that he would return this fall. He is employed at one of the rubber factories in Akron.

Luis Firpo Improves His Style

BY HENRY L. FARRELL
NEW YORK — (By United Press) — Marked improvement both in his physical condition and in his technical equipment is evidenced in Luis Angel Firpo as he finished his training for next week's fight against Harry Wills. Firpo has nothing like the grace of a toe dancer, but he has lost much of that awkwardness that caused the wise boys to laugh when he was working last summer for the Dempsey fight. He gets around the ring with less effort and he can step back and shift around extraordinarily for a man of his bulk.

The most striking improvement Firpo has accomplished is in the use of his left hand. He seems to have learned how to hook it and get it over with a short, upercut like swing to the body. His right hand is also more polished than it was a year ago. He still swings a lot with it as he did in the Willard and Dempsey fight but he mixed it up with a hook that is very good.

The schooling that Bill Tate, his negro sparring partner, has been giving him in the Jack Johnson style of smothering defense has also improved the big South American. He stands erect now, with his head back, and extends his huge paw in a fan-like form to block blows. He was always a mark for a rabbit punch and he probably knows that Wills is good at that style of fighting.

Several times in his sparring bout, Thursday against Tate, Firpo used a very good shift, and landed a fine left hand on the target, following it with a right hook to the head. Despite the improvement in his work, however, Firpo is still a poor gym worker. But that means little.

Too much stock cannot be taken in the improved Firpo, however. It is quite possible, unless he is restrained in his temper, that he will forget all about the new things he has learned when Wills hurts him and he will go back to his old club swinging and boulder throwing style.

WATCHING THE SCORE BOARD

YESTERDAY'S HERO — Cy Williams, Philadelphia outfielder, hit a homer in the tenth inning with the bases filled and beat the Giants 19 to 5.

Taking their fourth double header in four days, the Brooklyn Robins beat the Boston Braves 5 to 1 and 9 to 1 and moved into second place within three points of the Giants.

Three Pirate pitchers failed to stop the Cards and St. Louis won 9 to 3, dumping the Pirates into third place.

Waite Hoyt was driven out of the box in the third inning and the Athletics beat the Yanks 8 to 2.

The Senators increased their lead to two full games over the Yankees by walloping the Red Sox 12 to 5.

Tracy led the Cubs down with five hits and the Reds won 3 to 0.

Golfers Going Strong

CALUMET COUNTRY CLUB, Chicago. — (By United Press) — Contenders for the western open golf championship teed off for their second round on 18 holes in the qualifying rounds here Friday.

A check-up of Thursday's cards showed it would probably take two 78's to qualify for the 36 hole round on Saturday.

Seventy players shot 80 or better and only the best 64 scores and ties Friday will qualify.

Scoring honors went to A. L. Espinoza, Chicago, who played a 70, two under par for the 6,314 yard course. Eddie Held of St. Louis was two strokes behind him, and Frank Adams, Chicago, Jack Hendry, St. Paul and Harry Cooper, Dallas, were next in line with 73's.

Gene Sarazen, former national open champion, telegraphed that a bad cold prevented his attendance, and Bobby Cruikshank also failed to appear. Chick Evans was before paired with Jack Hutchinson, the defending champion. Chick got a 75 and Jack a 78, both scores being qualifying figures.

Pairing Friday was the same as yesterday, but the startling times were moved up slightly because of withdrawals.

Daniels yesterday's shower the championship contenders have enjoyed good golf weather.

Great Crowds Want To See Polo

NEW YORK — (United Press) — Piles of American money offered at 2 to 1 that the American team defeats the British team in the international polo matches starting tomorrow at the Meadowbrook Club is going begging, it was said today at the commissioner's office.

Only two bets so far have been covered, one at \$3,600 to \$2,000 and the other at \$4,000 to \$2,000 that the Americans win two of their games and retain the cup.

Some surprise was occasioned today when the British line-up was changed and Luis Lacey, the South American star, was named field captain of the team to succeed Major Hurdahl. Lacey has been bothered with an injured shoulder.

The Americans will start with J. Watson Webb No. 1, Tommy Hitchcock No. 2, Malcolm Stevenson No. 3, and the great Devereaux Milburn at back.

The United States Polo Association said the office had been overwhelmed with a rush for tickets. Thousands want to see the matches and have a look at the Prince of Wales, the honor guest.

SNAPPY SPORTS

SARATOGA SPRINGS, N. Y. — The fur-bearing Mr. Firpo has decided to battle Wills at his own game. Wills' own game is boxing polo, a quaint form of diversion popular with nomadic African tribes. It consists solely of two freckled cubes which are tossed about on the floor, with a speculative abandon to the accompaniment of low, guttural commands such as "Come on, you natural," "Oh you Phoebe" and "Baby needs a new pair of kicks."
